JANUARY 19 – 21, 2021

Planning for Virtual 2021 From Lemon to Lemonade

EDUCATION – TRAINING – NETWORKING – FUN

How will CCC21 be different?

NETWORKING: CCC21 expands Dine to Network with Five New Friends™. Your Groups of Six have been carefully selected by CCC to include others of similar interests such as all being involved in Tall Buildings or all on Hydro Power Plants. Remember all of those questions on our [Registration Page?](#)

So bring in advance some munchies and your favorite beverage to that “virtual high top table near the pool in Galveston” on your device, and meet and network with your Five New Friends™ for ten minutes.

Your Group of Five have been carefully selected by CCC to include others of similar interests such as all being involved in Tall Buildings or all on Hydro Power Plants. Remember all of those questions on our [Registration Page?](#) Kim and Fred will work to bring together with others to promote lively conversations.

At the end of ten minutes your screens will again dissolve and you will find yourself with another Five New Friends. Perhaps this time based upon your technical societies or location and time zone. Sometimes we pair those who are alike, and sometimes those who are different.

We have already collected contact information, so spend time chatting and not writing. At the end of three days you will have probably made a lot more than Five New Friends.

January 19-21 2021 in the Cirrus Cloud, Planet Earth
