

## Construction CPM Conference

January 15-18, 2023

at the B Resort Disney World FL

(at the same price and Sunday evening to Wednesday footprint we in enjoyed 2020)

### NOTICE to CURRENT & FUTURE ATTENDEES

IT IS TIME to prepare for Construction CPM Conference 2023

For 2023 we are enhancing our Tuesday Evening Program with a FREE included Disney After 5pm™ ticket to your choice of EPCOT or Magic Kingdom. Disney requires we provide count in advance. You must let us know your choice, send to [info@constructioncpm.com](mailto:info@constructioncpm.com).

**Planning for entertainment at Disney can be a full time endeavor.** Some suggestions (from John Orr of ACE fame:) Disney has a new class of “not-to-be missed” rides featuring trackless technology. Says John: “Trackless is where vehicles can easily double back through the attraction, swap places with one another, or perform maneuvers that would be impossible on a track. (A tracked ride is like a regular roller coaster where the vehicle remains on a track.) Trackless rides are far more gentle than roller coasters; their excitement comes from the unpredictability of where the car is going to go next.... These are featured on three rides at Disney World: • Star Wars Rise of the Resistance (Hollywood Studios) • Mickey/Minnie Runaway Railway (Hollywood Studios) • Ratatouille Adventure (EPCOT.)” Says Fred: “Imagine the effort to **schedule** all of this in real time.”

Remember to **buy your full day Conference Discount tickets** (for your family) **early as Disney is rationing access and may not be able to sell a ticket to your choice of park if you wait.**

Your CCC After 5pm tickets are pre-authorized to your choice of park, but let us know so we can reserve for you. Finish classes on Tuesday, enjoy a drink or two and snack at our Happy Hour, take an extra sandwich or snack to B Resorts’ Disney Bus terminal, and enjoy your evening.

**MAKE AIRLINE PLANS NOW!!** Rates are rising. **Make Hotel Reservations NOW!!**

## CPM in Construction Management Addendum to 8th Edition and Interim 9th Edition

Why an “interim 9th” and “addendum to 8th” rather than publishing a new full 9th Edition is a matter of the economics of the publishing industry, and current reorganization of and within McGraw-Hill. The Authors of the 8th Edition, James O’Brien and Fredric Plotnick, met and spoke often in the years since publication of the 8th Edition in 2016, with many discussions upon what should be considered for a 9th Edition slated for 2021. While the realities of publishing since 2016 and Jim’s passing in 2020 placed much in limbo, we were able to publish this Addendum within one year of Jim’s passing, on time to meet that goal in November of 2021.

**Pricing for our Online PDF edition continues to be only \$30.**
