

## Construction CPM Conference 2023 is over and yet just Starting 13MAR23 = CCC23+ ZoomQ&A

Tune in on March 13th for our next Full Day of Additional Education and Training

Eastern Pacific	Topic
11am 8am	Oracle P6 to Cloud: Why Move? How to Move?
Noon 9am	Elecosoft Powerproject Tutorial
1pm 10am	An hour with Ron Winter on Out-of-Sequence and other materials
2pm 11am	Comparing Oracle Server & Cloud, Deltek, Elecosoft Solutions

We hope to provide both a Features and "How-To" Tutorial on several softwares  
And a Comparison of Popular and Predominant Softwares Session to close the day  
We also have our ZoomQ&A for 10APR23 on A Day on CPM by folks at SmartPM  
We are now accepting Topics for 08MAY23 and 19JUN23

Our Zoom Link is <https://drexel.zoom.us/> [REDACTED]  
or phone in to [REDACTED]  
and is FREE to Past and (hopefully) Future Attendees

We continue to post videos of Sessions of CCC23 at  
[http://constructioncpm.com/At-A-Glance/at\\_a\\_glance2022.htm#2023](http://constructioncpm.com/At-A-Glance/at_a_glance2022.htm#2023)

Many of our sessions were successfully recorded. In some instances we have sound quality issues due to non-optimal use of microphone; some speakers used their own device to show proprietary software and were not recorded.

## KEEP POSTED FOR MORE NEWS ON 2024

We continue to negotiate for your best experience  
and will announce our selected venue soon

For more information [info@ConstructionCPM.com](mailto:info@ConstructionCPM.com) or 215-880-8899
